INTELLIGENT BEAUTY

Canyon Ridge® garage doors give you the best of both worlds — the luxurious look of authentic wood and the practical functionality of steel and composite materials.

Durable, low-maintenance steel with Intellicore® polyurethane insulation ensures your home is well-protected, warm and comfortable.

The composite cladding and overlays that make up the designs are molded from actual wood pieces for a truly realistic look and feel.

Choose from a wide range of design options, color finishes, hardware and windows to suit your style.
